As the wheels began turning on another school year, the wide range of activities seemed to involve in some way every student at Kennedy. The Kennedy band showed its continuing excellence by winning first place in the Pathfinder's Day parade, and also capturing top honors in the Pleasanton Band Review. Various squads in spirit group took awards at the U.S.A. camp even before the school year began.

The school newspaper, after an absence of a year, returned with the new name of "Upbeat." The classes launched full steam into fund raisers, the juniors and seniors selling candy, and the freshmen offering stuffed animals as Christmas presents. The student center and student store were new additions, located in the old faculty room. Funding from the School Improvement Program (S.I.P.) aided the ASB budget and other activities. A new P.A. system was the result of this money.

The activities at Kennedy High united people as friends, and taught us leadership. We are moving in a forward direction, towards a better, more spirited Kennedy High.

New developments sparked the 1979-1980 sports season. This year, bus transportation was furnished for athletes by the school district. The state ruled that the district's policy of charging fees to play sports is illegal. At Kennedy, like other schools, the news means a savings for the pocketbook.

The Kennedy athletes united in both pre-season preparation and competition during the season. Spirit invaded the teams as the year started and never lost its color.

To the people who participated, athletics provided direction in sportsmanship, contact with others, and unity.

The staff finds its place in our school, and nestles smoothly into it. Each staff member, like each student, has his own uniqueness. Mr. Ron Hakola, a runner, has qualified for the Boston Marathon, and runs an average of eight miles a day. Mr. Stewart Perlman, and Mr. Jerry Lapiroff, who is on a sabbatical leave of a year, had an article published in the San Francisco Chronicle. Mr. Rick Patton, donned his miner's outfit for his science classes. Mrs. Anita Berg left to give birth to her baby boy. Mr. Dean Griffin and Mr. Ron Masuda were nominated by Kennedy for California Teacher of the year.

The staff provides us with education and learning. They give us a direction into our future lives.

What are you going to do with your life? In trying to answer that question the seniors began to move full steam ahead. Senior counselor Jim Stuart made his rounds talking to seniors about college. MGM Counselor Tony Gelfuso said he was delighted to find his Thursdays at Kennedy booked solid with college bound students seeking his help.

The dreaded ACT, SAT and Achievement tests for seniors planning on continuing their education came sooner than expected. The career center was bustling every day with seniors checking scholarship deadlines in the race for financial aid. And to make the goals seem a little more real, seniors visited campuses and admissions officers who filled in the details on applying.

Alas, not all seniors are ready to conquer the world. A few have been conquered . . . by love. Engagement announcements for some seniors mix in the mail with job applications and S.A.T. scores of others.

Knowing that they will return for another year, or two, or three, unites the underclassmen. Each grade level brings its own personality and distinctiveness to Kennedy. Some freshmen showed dedication to learning by arriving at school for a 7:30 "A" period. They also attended the rigors of E.P.O.C.H. or Man and His Environment. Sophomores and juniors learned to drive by taking Driver's Education and Driver's Training. Ascaris worms and biology greet students in either their sophomore or junior years.

Underclassmen are in the process of finding their direction. For some, the change will happen sooner, for some later. The important thing is that they will discover their way.

1. Diana Kamminga, Terri Murray, and Barbara Dunbar take time to study, a chore for many students. 2. Jim Torres, a junior who will return to Kennedy's Football lineup next year, rests after hard play. 3. Dan Houle, Larry Larson, and Greg James wait anxiously for school to start. 4. Chad Troxclair, Tom Loya, David Moeller, Jan Bauchou, and Steven Wright find time to give the camera a smile during lunch. 5. Try to tell this crowd that Kennedy doesn't have spirit!

Time it was and what a time it was
It was . . . a time of innocence
a time of confidences
Long ago . . . it must be.
I have a photograph
Preserve your memories
they're all that's left of you

When the bell rings to signal the end of class, and students are free from the rigors of education, personality changes take place. To enjoy, to have fun, but most of all, to assert individuality is the essence of student life on our campus.

While academic goals are being pursued inside the classroom, personal and social pleasures are being sought outside. Friends get together during breaks to talk and grab a bite to eat at the snack bar.

Just as students could be found in clusters on campus, on the south lawn, the Senior bench or around the bandroom, they were found in groups at work.

A.S.B. Strives for Student Involvement

An all new student center and the grand opening of the student store were the direct results of this year's student government team. Welcoming a host of new members, but keeping a majority of the old, the student government produced a mass of rallies, well-attended dances, and carloads of spirit and activities for Kennedy students.

This group met on special S.I.P. days when the rest of the student body was enjoying their day off, and worked on the vandalism problem, and goals for the year, among other ideas to increase student involvement.

During the year, both the seniors and juniors sold candy, while the sophomores sponsored a candy cane sale around Christmas time. The freshmen, looking ahead to their junior prom, got their account started by staging a profitable stuffed animal sale at the beginning of the year.

Meeting twice a week, student government strives to include everyone in the contagious Titan spirit. United as a team, these students, along with faculty advisor Diane Coelho; work to let the world know that Kennedy is the best.

Varsity's "Earthquake" Shakes the League

The JFK Varsity Cheerleaders are by far the most outstanding this school has seen in quite awhile. Led by senior Kelly Svenson, they have captured the hearts of the crowd at every game. With the help of the Lettergirls, they cheered the Titans on to many victories.

1. Debbie deLanda expresses her emotions during the football game. 2. Juniors, Shelley Smith, Kari Anderson and Linda Howard, use their tonsils along with the crowd. 3. Lettergirls not only cheer at games but they also march in front of the band at band reviews. Without the Lettergirls, the band would not maintain the color and inspiration necessary to perform. Lettergirls always get the worst spot to cheer, the top of the bleachers. It is always cold and windy up there; it never fails.

Mascots Inspire Us With Enthusiastic Spirit

The Mascots gave us a little change this year. They modified their uniforms and their style of cheering. Crowd participation was outstanding, along with the enthusiasm of the Spirit Group. The Mascots held up signs for the crowd to read and cheer along with them. Led by senior Patty Dickinson, they did their best to inspire and captivate the epitome of school spirit.

J.V. Cheerleaders Take Trophy for Excellence

With the exception of head Bonnie Stevens, the J.V. Cheerleading squad lacked experience as spirit leaders. The disadvantage did not stand in their way though. Even before the 1979-80 season began, they won a trophy for excellence at U.S.A. Camp. Throughout the year the J.V. cheerleaders learned valued skills by performing in front of huge crowds at rallies, and working to raise school spirit at games and other campus events. Next year these former rookies will return to handle their job as spirit leaders like old pros.

'83 Kicks Off Under the Big Top

The Freshman Class came off as pros on the fourth day of Spirit week with their theme of Circus. The Class of '83 had many people participating. Their spirit and enthusiasm was alive from 5:00 a.m. when they began setting up their one ring circus to 3:00 when the last weary freshman went home to catch up on sleep missed because of their all-night poster party.

During lunch they entertained us with a lion taming act, and a tatooed man contest, but the highlight of the event was when Activites Director Diane Coelho was drenched with water by the "confetti clowns." This event was emceed by class president Tom Mikkelson, who led his class in cheers throughout the day.

If future enthusiasm and participation matches that displayed this year the Class of '83 may be the Most Spirited Class of the Future.

During halftime of the Homecoming game, at the culmination of the weeks spirit activities, Kelly Svenson was crowned the 1979-1980 Homecoming Queen. Princesses Patty Dickinson, Debbie deLanda, Cheri Roe, and Susan Swezey completed the court. It was an unforgettable night for each of them.

Each candidate was nominated by a club on campus which voted her most deserving of the honor. They were later chosen as finalists in a school vote from among nine girls.

After the second half of the game resumed, the entire court showed their real Kennedy spirit. Still in full length gowns, they joined in the cheers, clapping and shouting with the rest of the crowd.

Beginning with breakfast at Denny's at 4:30 AM, where the seniors gathered to finalize plans for the day, a feeling of comaradarie prevailed. That togetherness was the key to the whole day's activities.

Their freshman class "had class," their sophomore class was a gold medal winner, their junior class had spirit in their britches and this year, the senior class went mad with spirit, becoming the first class in Kennedy's history to win spirit week four years in a row.

In a quad plastered with posters seniors "rose from the dead" as Count Carlos beckoned them from his coffin. The lunch period progressed with a centipede race, bigfoot contest and dance to "La Freak," ending with the seniors returning to rest, content.

The spirit the Class of 1980 brought to Kennedy will be missed but their enthusiasm will be long remembered.

Coach Mike best describes this year's rally with these words. "This year's rally was the best in the history of J.F.K." The Stanford Band was a major part of producing an excellent rally which was planned by rally commissioner, Brenda Espinosa. The Senior Groovy Goolies in their skit, pantomined to Monster Mash. The Juniors pantomined to "Take me to the Mardi Gras." The Sophomores danced to "Ease on down the Road," and the Freshmen did an acrobatic act. All in all, this year's homecoming rally was one of a kind.

Juniors Take Second With Mardi Gras

The class of 1981 transformed the campus into the scene of a Mardi Gras festival as Spirit Week moved into its third day. Drunks, wild women and masqueraders chanted "81 has more fun" as they ran through the hallways, renamed for New Orleans Streets. Can-can dancers added a French accent to the lunchtime events and a few masculine junior guys in drag performed a strip-tease to finish off spirit day in second place.

Varsity Players Do It With Lots of Spirit

Spirit week was quite an adventure for football players. Many of the Senior players woke up at 5:00 a.m., ate at Denny's, and then left for school. The Junior football players, went to breakfast and participated heavily in their Spirit day activities. At the end of their respective days, worn out from showing their class spirit, practicing was nearly impossible. Much credit should go to the football players for their spirit and enthusiasm.

Sophomores spirit shines through on the second day of Kennedy's famous Spirit Week. Hillbillies came down from the Ozarks and invaded the quad as the Sophomores kicked off their spirit day. The class of '82 whooped it up to fiddle music grabbing onlookers to join them in square dancing. Emcee, Ed Arce, was challenged to a fiddlin' contest, with "The Devil" in "Devil goes down to Georgia," coming up as much a winner as the whole sophomore class. Amid hay bales and pitchforks, Sophomores' Spirit never failed, and the class of 1982 have much to look forward to in coming years.

Upbeat, a New Name, a New Perspective

After a year's absence, the Kennedy High newspaper was back in full swing, complete with a new name, a new faculty advisor, and a refurbished staff. "Upbeat" was distributed to all students to read. It took on a new point-of-view: to boost school pride and spirit. The staff, although small, was effective, and was able to regularly publish a paper. Anita Bergh and Stew Perlman shared advisory duties during the year, while Cheri Roe manned the editor-in-chief position. They and the entire staff contributed to a well rounded publication.

Although the Marching Titans competed in only two reviews this year, they came away from both with trophies and praise to mark their efforts. At the Pleasanton and Lodi reviews, the Titans placed first and third respectively in keeping with their usually excellent performances. Because of conflicts with school commitments, the band wasn't able to attend as many reviews as in the past.

At morning practice, the shortage of students in the morning make it hard on both marching and symphonic rehearsals. Though they only attended three band reviews the band did have a successful year. Spring rehearsals began to sound promising and the young Symphonic Band performed at the Attendance Area Concert along with the Walters Band and several elementary school bands. Certain individuals in the band attended the California Music Educators Association for Solos and Ensembles at Cal. State Hayward. Clarinetists, Stacy Higmond, Ron Contawe and Deanna Dennis received a II or Excellent rating. Flute trio, Colleen Donlon, Lori Hammons and Rosaria Francisco, received a I or Superior rating. Other individuals including Jim Tebelskis, who was a member of the All state Honor Band, and Verna Gonzales who will be touring Europe with the United States Collegiate Wind Bands, stand out as promising students in the band. The Symphonic Band met every weekday morning at 7:30 and showed discipline and the desire of being an outstanding musical group.

This year's varsity football team had a tough schedule, having to play the top five football teams in the East Bay. They were about three minutes away from being a championship team. Coach Mike, Coach Sira, and Coach Mangini have earned the team's deepest respect for the time and work they put in to making the titans a successful football team.

Kennedy met Washington on its first game of the season and put up a tremendous effort but came up on the short end of a 14-7 score. Washington struck first on a 55 yard run by Troy Brooks. But a fired up Kennedy team came back after taking over on Washington's 40 yard line. A 15 yard holding penalty pushed the Titans back in their own territory, but Jeff Owens kept the drive alive by hitting Mark Lee over the middle for 32 yards. Owens scored on the fourth down and a foot out and Mark Mangano's extra point tied the game at 7-7. The formidable Kennedy defense held Washington until the final two minutes of the game, but again a bad break and Washington scored on a 20 yard pass.

Coach Michaletos said "I'm very pleased. We played well and competed well. I'm very proud of them (the Titans) What more can you say."

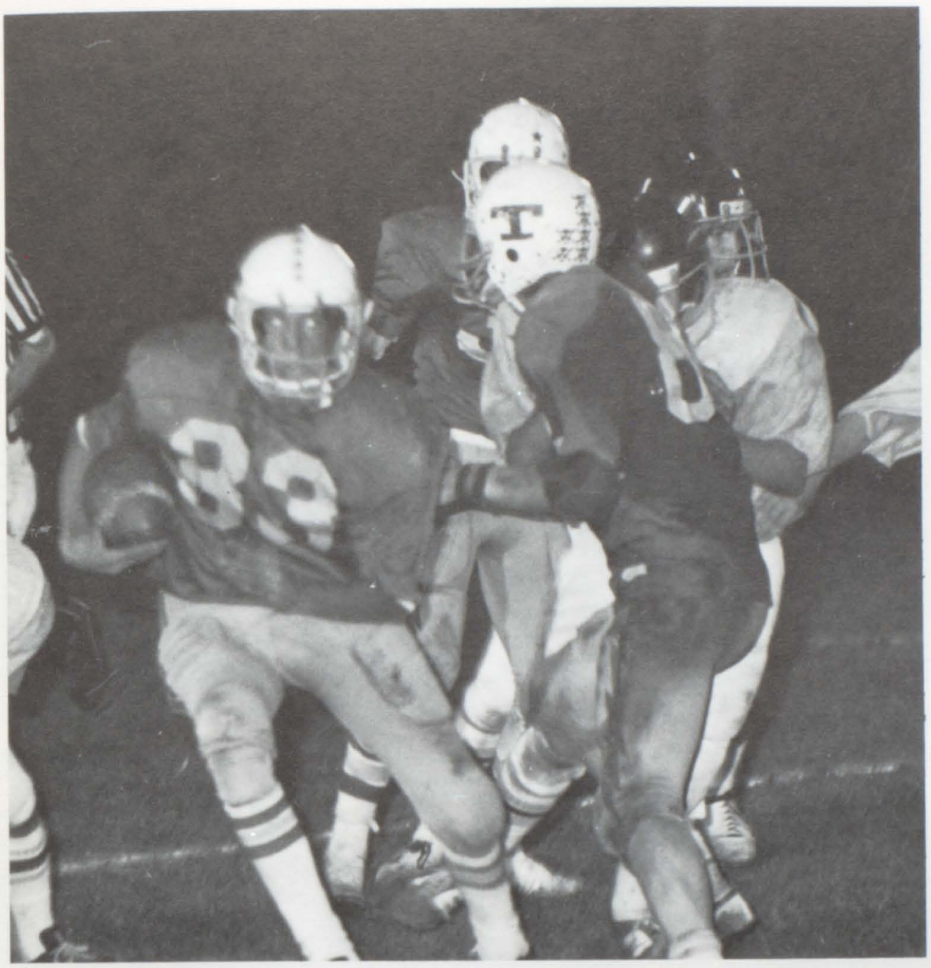
J.F.K. Junior Varsity Ends Mission Win Scheme



1

A sparkling victory over an awesome Mission San Jose squad lead the way for the J.F.K. junior varsity team in their 1979 season. The victory stopped a 41 consecutive game winning streak for the Warriors. Kennedy's team is aided by new coach Mike Crosetti and standouts such as linemen Bobby Womack and Mark Hamilton, linebackers Chad Troxclair and David Moeller, runningback Mike McCaw, and tight-end Danny Barnes. Playing Junior Varsity is good experience, but for each player the waiting period begins. Next year their chance for the big times finally arrives.

Girls Take 2nd for Kennedy

The 1979 girls' Varsity Tennis Team had a successful season this year by achieving their goal of overcoming their archrival Washington High School for the first time in several years. This win entitled the team to a second place position in the M.V.A.L., finishing strong with an 11-3 record.

The Kennedy girls' Tennis Team hosts an annual invitational open to all the schools in the M.V.A.L. This year Sonia Ruelas took second place in singles. In doubles action, Kate Noland and Terri Murray captured third place.

During the season, doubles action proved to be very entertaining as Barbara Dunbar and Michelle Mun combined to form a successful team. Together they rose above a previously unbeaten doubles team from Mission. Because of their victory, the Argus awarded them "Prep Athletes of the Week." Their teammates Lynda Couch and Patti Manley also had a major hand in helping the Titans' cause

Frosh-Soph Emerge With 5th Place Finish

There were some changes this year for the Junior Varsity and Freshman programs, as the two divisions merged together to create a Frosh-Soph team that produced a 10-13 season. Coach Gerry Aldrich, who is in his seventh season, combined the freshmen and sophomores to makeup an underclassmen team that will, in time, help out Kennedy High School on the varsity level. Sophomores Chad Troxclair and Pete Sabin had the hottest hands for the season, as the two led the Titans in the scoring department. All in all, the 1979-1980 Frosh-Soph season was a success.

A talented Varsity Basketball team, hurt by injuries, finished the season with a disappointing 3-20 record. In league games Kennedy only won twice, both against Newark High School. Highlights of the season included going into overtime against Memorial High but losing in the last seconds of the game. Carl Gardner led in team points with 452. Don Murphy did an outstanding job in rebounding, and should be returning next year. Dan Barnes was an exciting player to watch, with 52 rebounds, and is sure to be a great prospect for Kennedy in the coming years. Geoff Sloniker led the Titans with 46 assists. Coach Van Deusen expects a bright talented team next year with some returning juniors.

The Junior Varsity Girls' Basketball team experienced a tough season, since there were no returning players from last year. Their record of 2-18 in no way reflected the many close games that they lost. Their persistance and "never give up" attitude paid off, however, as they won their last game of the season. This season proved to be a learning time and next year's team holds much potential.

Soccer Third in N.C.S., A Kennedy Record

At the start of the season, the boys as well as their rookie coach, Charles Hunt, knew that in order to win the league championship they had to beat Irvington twice. Little did they know that they would prove it 4 out of 5 times. This was the motivating force which led them to become #1 in the MVAL. After placing top in the league, they next had to qualify for N.C.S. by beating Irvington again, in the Shaughnessy play-offs. After a 1-2 loss, Kennedy had to win a second game to prove them the MVAL champs, and to guarantee themselves a spot in N.C.S. This next game, termed by some "the MVAL's finest soccer game," was won in overtime, 3-2.

In the N.C.S. play-offs, after defeating Moreau and losing to Dublin, Kennedy then faced Irvington for third place. For the fifth time Kennedy was pitted against Irvington. With a 2-1 win, Kennedy proved themselves the MVAL champs as well as taking third in N.C.S., the best any Kennedy soccer team has ever done.

The J.F.K. Varsity Wrestlers, which had an excellent middle and lower division weight class, couldn't seem to put together a full squad. The team finished 5th in the league, and sent all their wrestlers to the MVAL finals. Jeff Howard, Steve Rodriques, Robert Barnes, Felipe Morris, Ted Babbes, and Ricky Smith placed third or better in the finals and went on to NCS at Sonoma State. From there, all were eliminated except one. Robert Barnes came out with a second place finish in the 106 lb. weight class, then flew to L.A. to compete in the state finals. "The coaches, Jess Flores and John Sabenorio really helped me out," said Robert.

In the two years Flores has been here he has produced a well respected team.

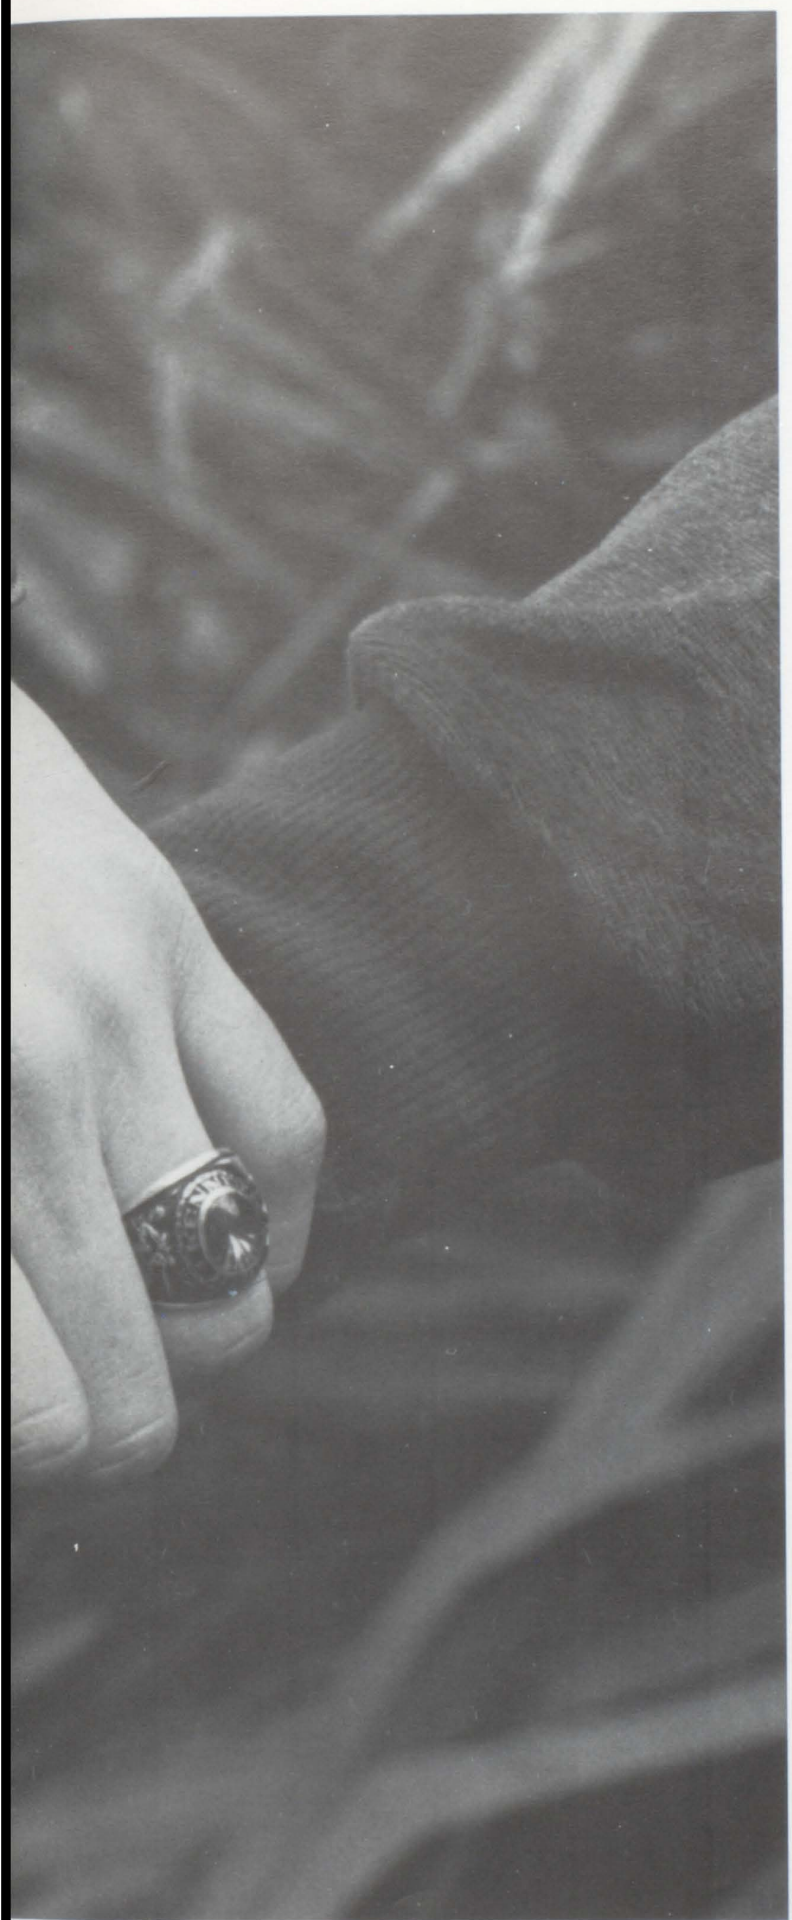
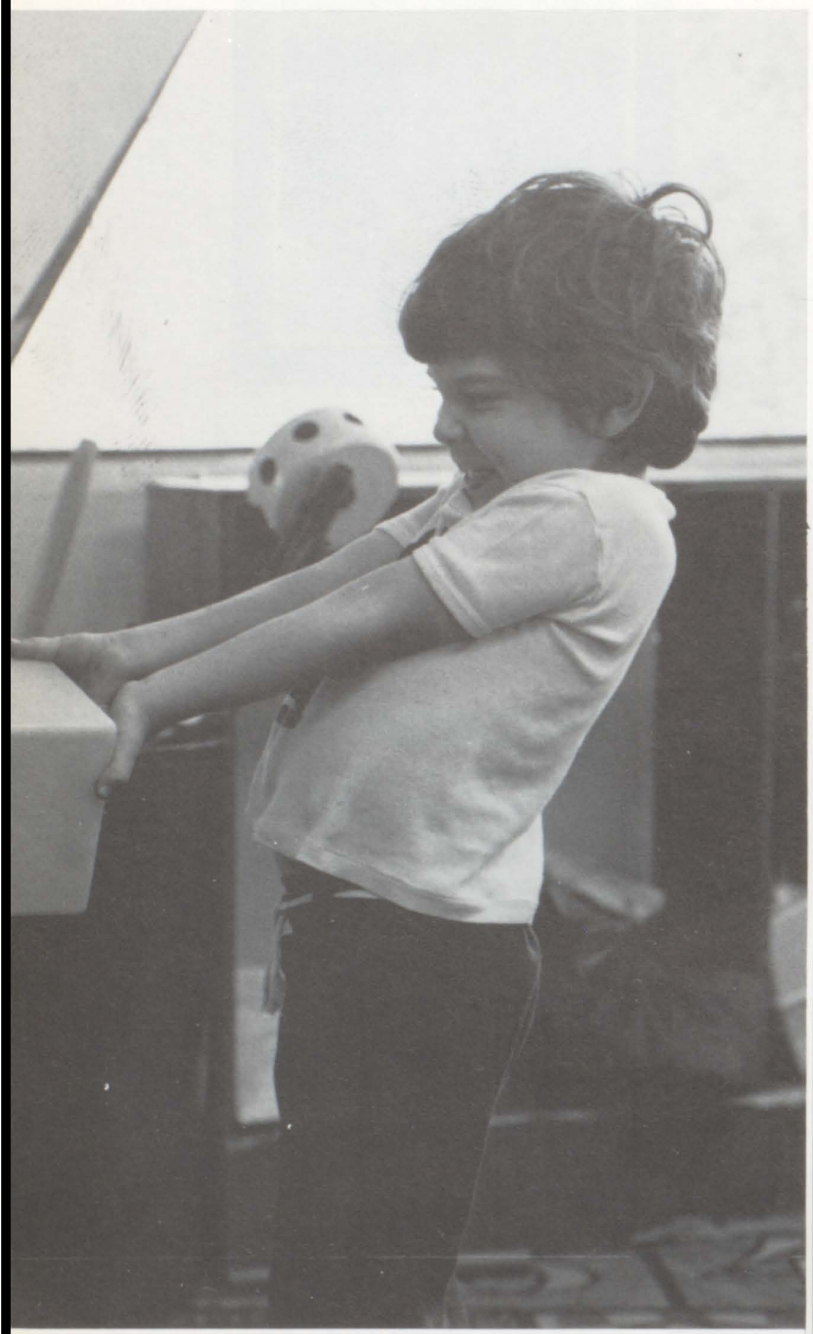
TIMES OF



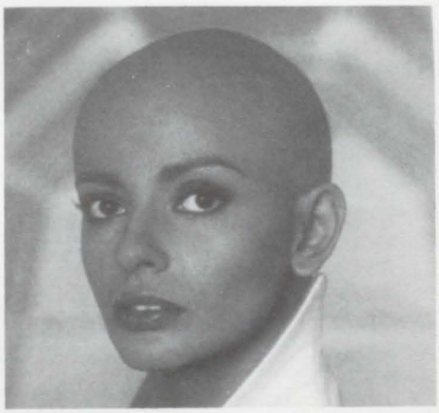


OUR LIVES

TIME CAPSULE

Ages and ages from now, future generations

will read our lives through its paraphernalia.



Instant hamburgers, computer chips, smaller than

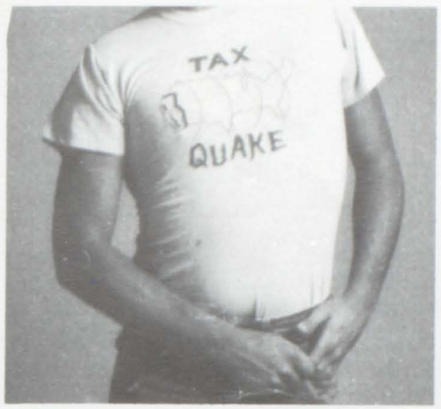
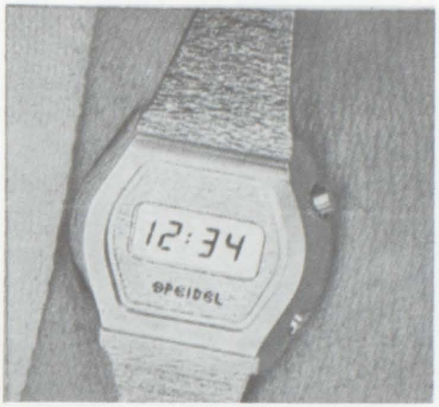
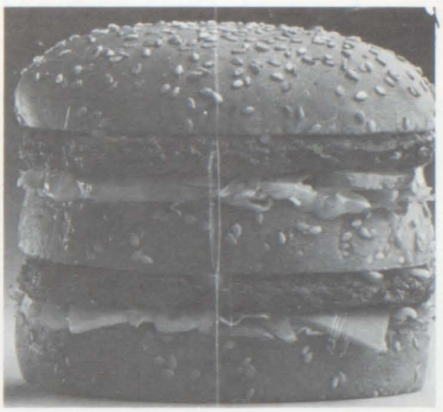
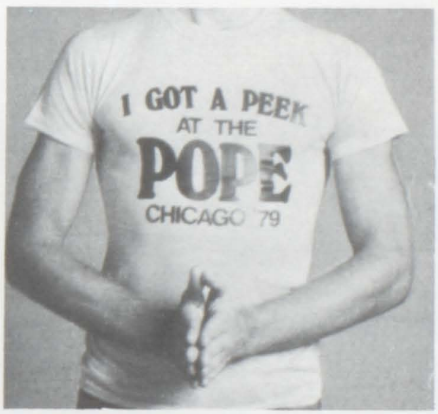
a fingernail, messages printed on our chests.

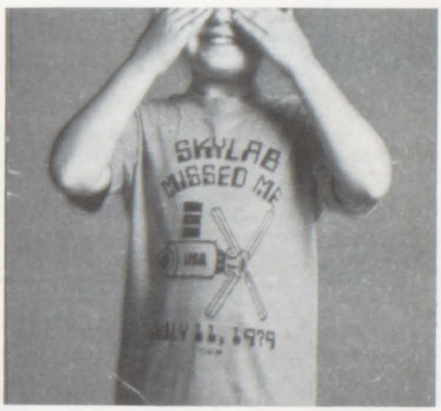






By these shall we be remembered. And it





will be noticed that we nostalgically collected.

SIP Emphasizes Student Needs

The School Improvement Program began in the 1978-79 school year. Kennedy was one of the few schools chosen to be given money from the state to improve curriculum and conditions at the school. A committee of students, teachers, parents, and administrators met after getting input from their departments to decide on priorities. The committee put the main emphasis on the needs of the students. The committee gave money to student activities for a Student Center and Student Store, and was the main financer for the school newspaper. SIP also began a Basic Skills Center. This center's purpose is to build up the skills needed by students to pass the proficiency test. Many of the new books students have received this year are a result of SIP funding.

Laura Tran from Viet Nam and Marie Profeld from Sweden put the Americna dictionary to good use.

Foreign Students Come to JFK

To many people, America is the land of golden opportunities. The foreign students at Kennedy High School have come here for different reasons. For the majority, it's to take advantage of these opportunities and study at American schools, see the country that so many talk about, and learn more about the American people and their customs.

One way of doing this is to become a foreign exchange student like Enrico Bagnasco from Italy and Marie Profeld from Sweden. Marie feels "it is a good experience to go away to a foreign country for a long period of time. You start to appreciate more the things you have." These foreign exchange students are sponsored by Student International Service of Europe. (SISE).

Some students, like Nam Joo Cha from Korea and Enrique Arrigaga from Mexico enjoy the chance to play soccer here at Kennedy. The friendly people and the nice warm California sunshine are also among their favorite things about the U.S. In some ways however, the students don't like being in this new country. One thing Enrique Arrigaga doesn't like is not being with hometown friends to share these new experiences with. Other foreign students dislike the fact that students smoke.

America is the land of opportunities for some, but for others it is the land of freedom. This is the case for the Tran family. They are refugees fleeing from Vietnamese communists that have taken over their country. Laura Tran doesn't like the noise and pollution here, but loves the chance to have some luxuries that they didn't have before. The sentiment on coming to this foreign country is best expressed in the simple words of Hung Tran, "I came to America to be free."

Seated: Judy Chung, Korea. Standing: Tan Tran, Nam Joo Cha, Korea; Nam Shik Cha: Korea.

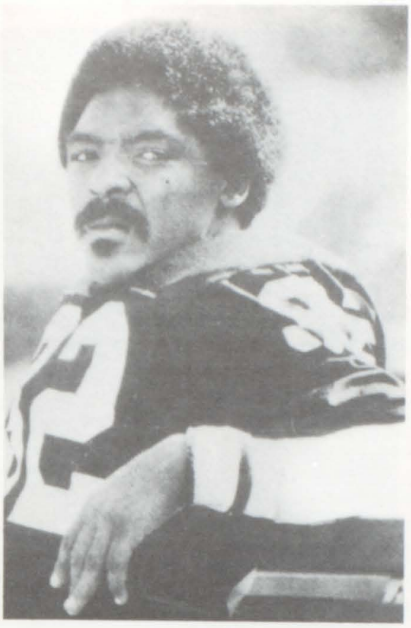
Inflation, Raiders, Local Entertainment, News at Home



Many local fans were upset as Raider owner Al Davis wanted to move from Oakland to L.A. N.F.L. Commissioner Pete Rozelle tried to enforce the N.F.L. rule prohibiting moving a professional team without the consent of at least 21 team owners. Al Davis was involved in legal disputes for his move.

Raiders Safety Jack Tatum wrote a controversial book entitled "They Call Me Assassin." The book was said to show the ugly side of football playing. Tatun wanted to show his experiences as a Raider.

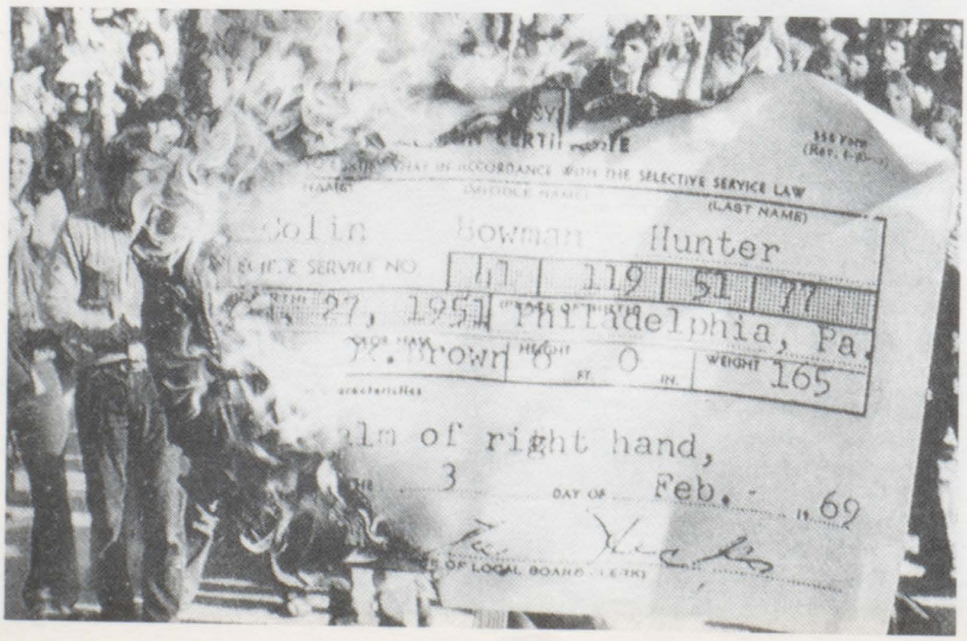
The Raiders made a trade that could go down in history, Ken Stabler for Dan Pastorini.

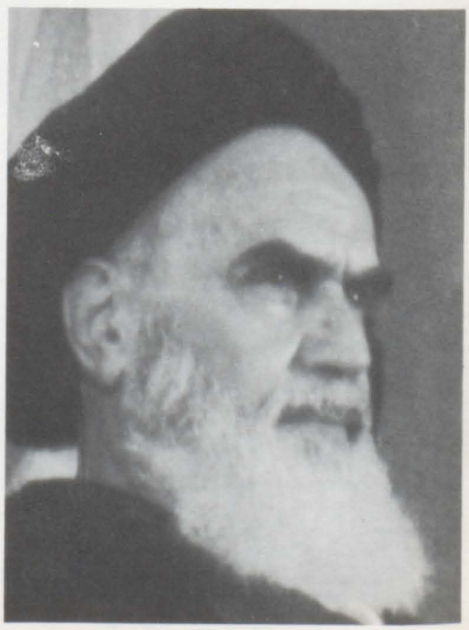
When New Park Mall opens in the fall of 1980 it will create many jobs for people in and around Fremont. The mall will offer more places to spend money and time.

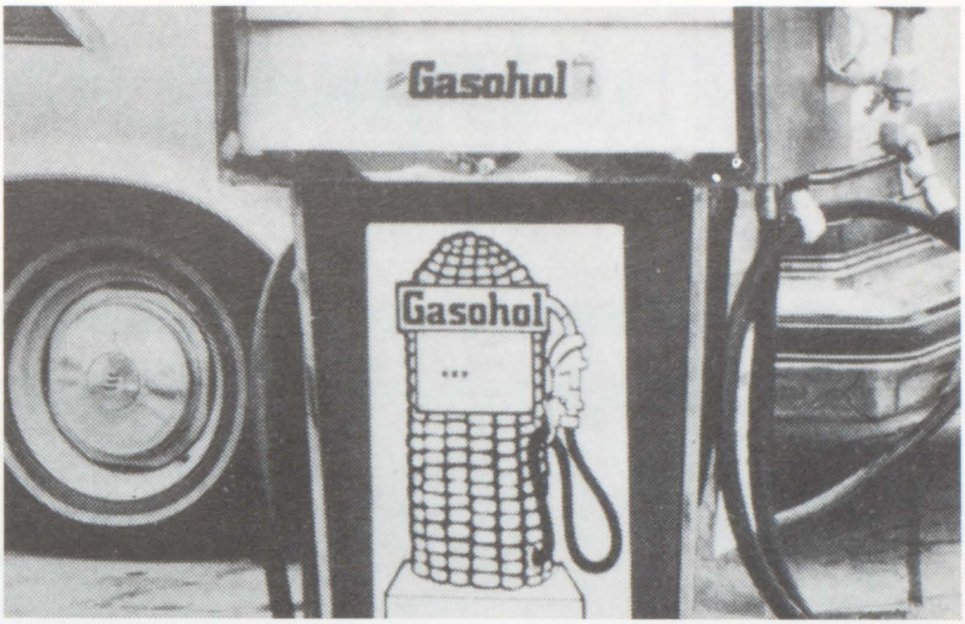
The male strippers have arrived in Fremont! Against protests of loyal residents, the strippers appeared at Harlow's with the whistles and cheers from their women audience

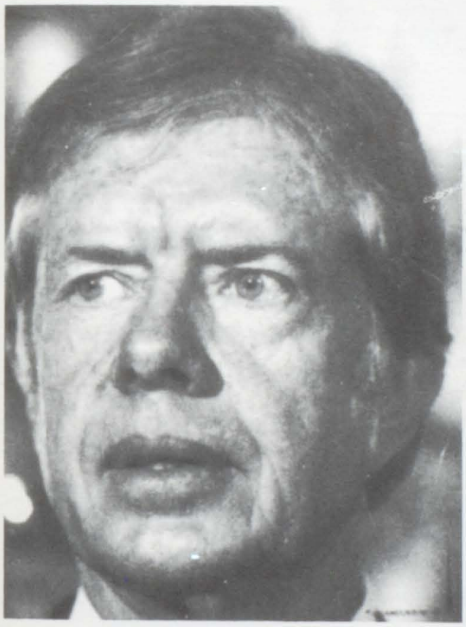
As the gas prices rose from .70¢ to $1.20, people became madder and madder, and gas lines became longer and longer. The Arabs had ripped us off again, and we weren't going to stand for it. But we did. Either the gas stations charged the people double the sale price shown, or charged by the liter to make it seem cheaper.

1979-80 It Was a Year of Turbulence, Turmoil, Thrills









The transition from the 70's to the 80's was hailed as a movement out of the "me" generation and into an age of advanced technology, New Wave music, and great power for our country. But when New Years' Day, 1980 arrived, the country was too involved in other matters to take much notice of the date.

What most Americans could tell you about January 1, is that it was more than a month since Iranian militant students had taken 50 American citizens hostage. The students had seized the hostages in the American Embassy in the name of their new religious leader, the Ayatollah Khomeini, whose regime had overthrown that of the Shah just months earlier. As the U.S. stood watching, the Iranian students demanded the return of the Shah, or promised death to the 50 hostages. Meanwhile, posters of the Ayatollah, here in the United States, sold as fast as they could be burned.

By January, a few of the hostages were back home, thanks to the help of the Canadians who gave them refuge in their embassy until they could be flown out of the country. America rejoiced at the wonderful news, and let everyone know how much they appreciated their friends to the north.

Iranian flags weren't the only things burning when President Carter announced his intention to begin a draft registration. Anti-draft rallies sprung up nation wide and "Hell no, we won't go" echoed across many campuses.

The Winter Olympics in Lake Placid, NY. provided an atmosphere of national unity and triumph. Every citizen felt a sense of personal victory when the U.S. Hockey team beat the top ranked Russian team and took the Gold. Eric Heiden also did some fancy footwork on the ice to take 5 gold medals in speed skating.

News of Presidential primaries filled the papers as Carter, Kennedy and the ever hopeful California Governor Brown battled it out for the Democratic nomination. The GOP's had Reagan, Bush and Anderson to choose from. President Ford decided he'd had enough.

Even gasohol, a 10% alcohol, 90% gas mixture, couldn't stop the soaring fuel prices. But Americans still saved enough money to go to the movies. Bo Derek was the heart throb of men across the nation in the movie "10." Her braided hairstyle was quickly imitated by women trying to score a higher number.

Miss Piggy, star of the successful "Muppet Movie," always thought she was a "10." She could even host a hit T.V. show, something Bo didn't have.

Looking Ahead

The future is a puzzling and exciting domain that lies before us, unchallenged. For some, thoughts for the future stretch through to a lifetime, and for others, rest no farther than summer vacation. Each person has his own goals. For the seniors, graduation will release them into an entire new world. College, marriage, or work are among their plans for the coming year. Other students are yearning for the long warm days of summer, and then returning to Kennedy in the fall. Each person has future plans, and they need not cover many years to be important.

1. Standing before a mirror, junior Greg Lloyd looks forward to his graduation next year. 2. Kennedy students rest in the warm sun; summer vacation is near.

Getting Prepared

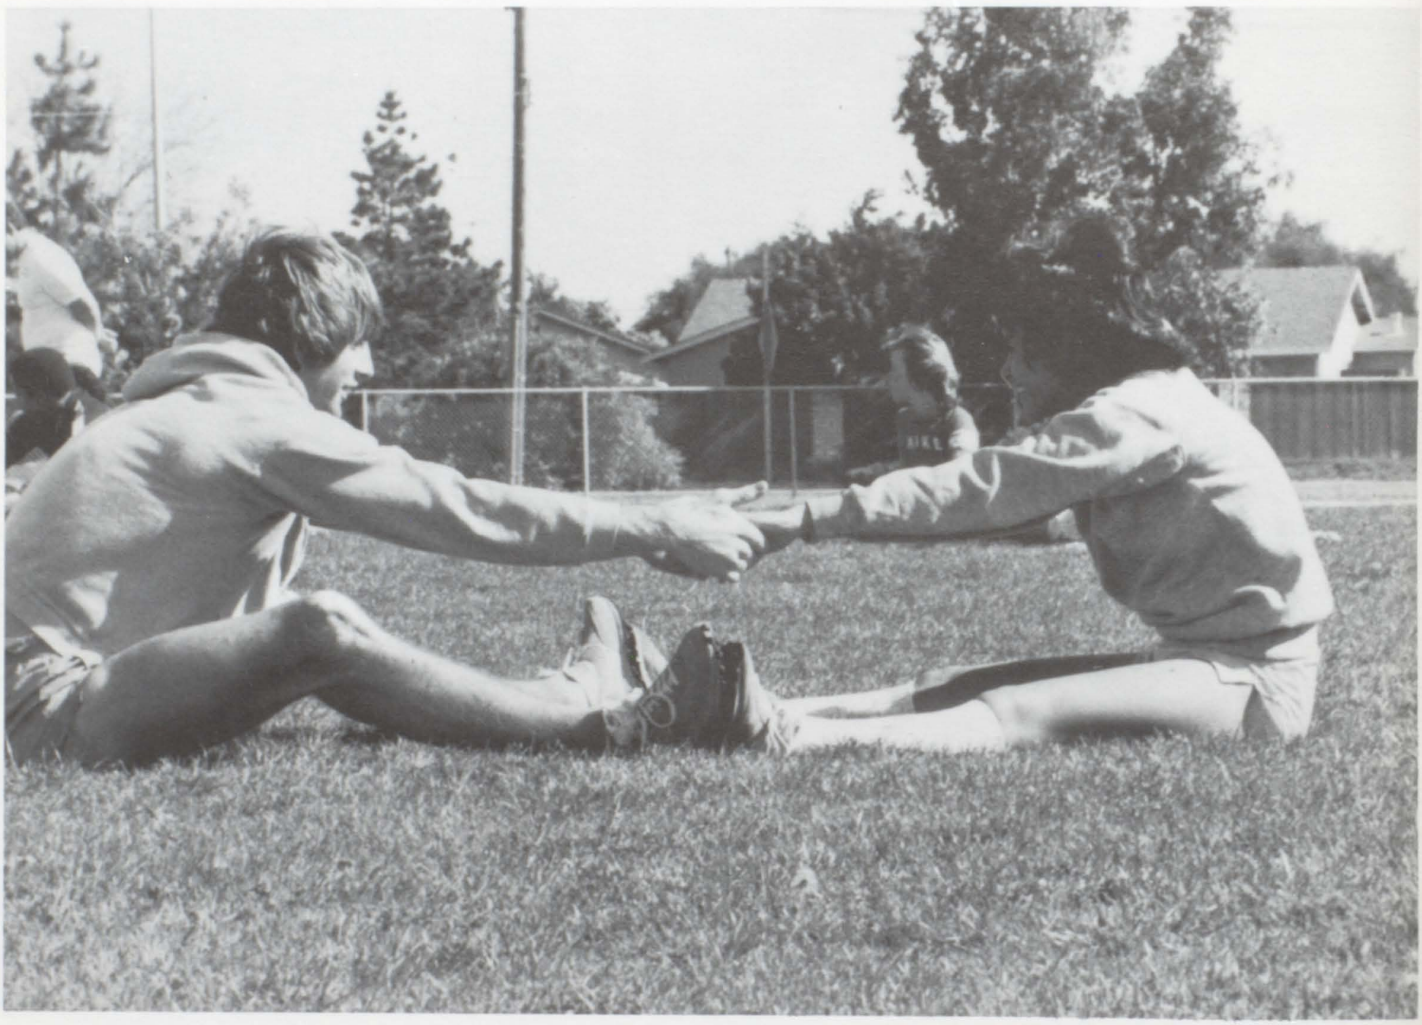
1

2

All things in life take preparing for; that big report in English, a track meet, or marriage. Life is a continual process of preparing yourself for what lies ahead, and at Kennedy, each student learns to prepare. Home Economics Classes teach how to become familiar with the home. Student Government shows its members how to be leaders. Auto Shop gives needed information to students with a flair for mechanics. English, Math, and other classes provide all students with the knowledge they will need to continue in their lives. Preparing means to learn, and at Kennedy, we learn.

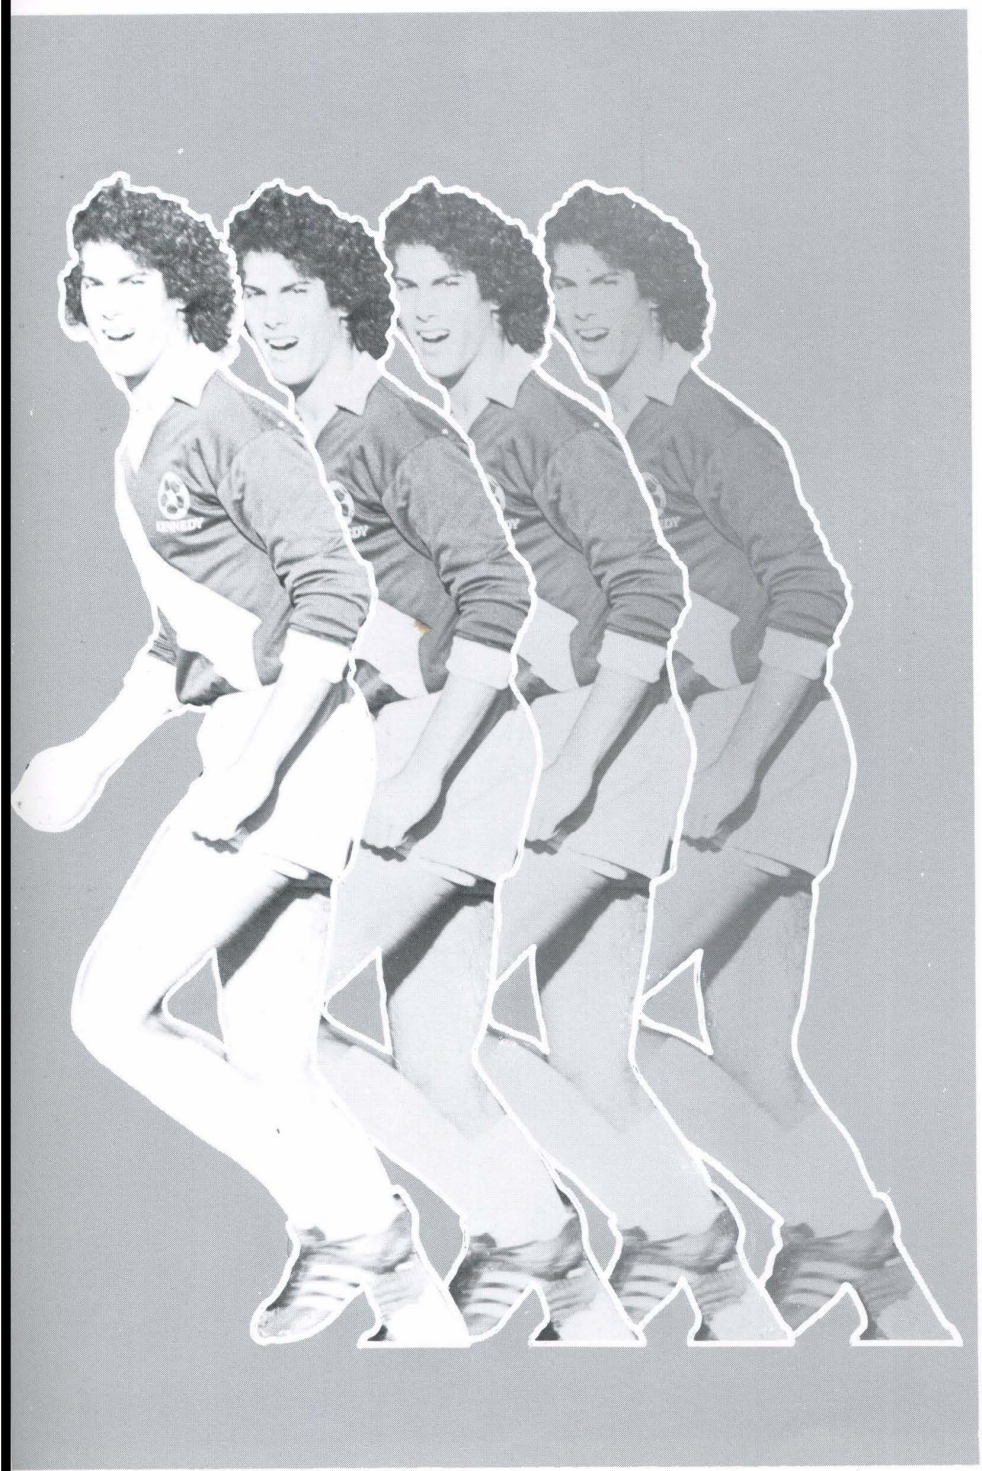
1. Darryl Burnett, Riki Philips, and Andy Handlin tinker with a car in Auto Shop. 2. Greg Killeen, Don Snow, and Ray Cervantes try their cooking skills in the kitchen.

Reaching



As two people reach for each other, so begins friendship and love. A touch that says "I care", or an outstretched hand remind us that we're not alone, and that someone needs to reach for us. Do not be afraid to reach; take part in life and life will become a part of you. Everyone needs love. Everyone needs friendship. Everyone needs to reach and to be reached.

Searching



Searching for the answer, searching for the question. We all take part in a search of our own. A dream is within reach for all of us, but we must search to find it. Nothing can be gained without the effort and the yearning that is necessary to succeed. Time flees and shadows fall, but still the search goes on.

Your days are short here.
This is the last of your springs.
And now, in the serenity and quiet
of this lovely place, touch the
depths of truth. Feel the hem.
You will go away with old
good friends.
Don't forget, when you leave,
why you came.
